

ARYA SAMAJ SOUTH AFRICA PROJECT TRIPTI

September 2016

We are pleased to inform you that after the recently launched Project Tripti, two boreholes have been successfully rehabilitated in the Hluhluwe District along the North Coast of Kwa Zulu Natal. This will provide water to the community and enhance the lives of 3 500 people.

A Subsistence Farming Project has also been launched in both Majindi Primary and Phumowakhe Primary Schools due to the reahabilitation of the boreholes.

We are pleased that you share this vision with us and welcome you as a partner in the initiatives we have undertaken. The Arya Samaj remains beholden to you for your magnanimous support.

Once again, we express our deep appreciation to you for your generosity and may Paramatma's choicest blessings be showered upon you.

We look forward to your continued support.

Yours in Dharma

Dr Bisraam Rambilass
President
